

National Training Centre

Certa is a national Awarding Organisation, Access Validating Agency, and Accreditation Services provider. We are here to provide a high quality, responsive and accessible accreditation service that recognises achievement, particularly for those who have benefitted least from their previous educational experiences and to provide a quality accreditation service for learners, businesses and communities.

Our training events offer you an extensive range of courses and bespoke options to support best practice in the quality of your assessment.

Our courses and events are designed to support:

- new and experienced tutors, assessors and verifiers to maintain and develop expertise and professional practice
- effective and reliable assessment and quality assurance in a regulated environment
- face to face training at Certa House, Wakefield
- bespoke training to meet your exact needs at your chosen location.

Why come to us?

- We have a proven track record of excellence as a provider of continuing professional development (CPD)
- We listen to you to create training that has real impact
- Our expert trainers are experienced practitioners with 'hands-on' experience of teaching, assessment and quality assurance
- We constantly review and refresh existing courses and develop new ones to make sure we're meeting your needs.

Bookings and advice

Visit [certa.org.uk/training and events](https://certa.org.uk/training-and-events) to book your course today.

Alternatively call us on 01924 434600 if you'd like some help planning your professional development or to discuss our courses.

**Over 6,500 people
have attended our
training courses and
events during the past
5 years**

Bespoke Training

We offer a range of workshops and longer training programmes to meet your training needs and budget.

Our bespoke training programmes support:

- experienced and qualified tutors, assessors and verifiers to maintain the currency of their expertise and professional practice
- organisations who are new to training, education and assessment who want to deliver high quality assessment and verification meeting current national standards.

Coaching, mentoring and quality support

We also offer bespoke quality support packages and a coaching and mentoring service to provide one-to-one or team development at your organisation. This can support you to meet recommendations or conditions identified from an external moderation or quality review visit.
